

Am afraid complicating the issue . But here is a comprehensive, professional Sample Application Form Template for the SHEMELES ABERA Foundation (Non-Profit Organization).

I know a simple form suffices yet aimed not to miss interested donors from different perspectives.

The form accommodates /consolidates every observation raised—donations (cash/in-kind/crews), international medical teams, local logistics, beneficiary triage, and the mandatory legal disclaimer—into one clear, fillable format. Hope you like it. If it doesn't go at this stage , you may set the issue aside and go on what is now.

Here it is any way..
